

# Power Profile: Short Answer

NAME \_\_\_\_\_

## WHAT ARE THE TRADE-OFFS OF EACH POWER SOURCE?

PAGE 1

Every power source on earth has both advantages and disadvantages, and we need to understand both to make good energy choices.

List as many of each as you can for each source. Think about cost, availability and environmental effects.

ENERGY	ADVANTAGES	DISADVANTAGES
 <p data-bbox="217 674 315 699">HYDRO</p>		
 <p data-bbox="228 1031 305 1056">COAL</p>		
 <p data-bbox="201 1394 331 1419">NUCLEAR</p>		
 <p data-bbox="228 1768 305 1793">WIND</p>
